

Spring is in Full Swing

The first quarter has already come to an end with what has been a record-breaking start to the year for Portor Lighting thanks to our wonderful distributors and representatives around the country. Portor's 3rd annual March Madness pool was a doozy, baseball is in full swing, and the Masters is queued up with Pimento Cheese Sandwiches. Q2 is poised to be as promising and productive as Q1!

SCAN ME, FOR COMPLETE SPECS.

Portor is proud to introduce the latest addition to our outdoor lighting assortment in the AL2N-3CP series. Available in 150W and 300W field selectable models, the AL2N-3CP is a 3-CCT-select and 3-wattage-select area light that provides enhanced flexibility to improve stocking options, broader specification, and easy field adjustability.

Specification is subject to change without notice.

FRM Acquires Premier Lighting & Controls

Premier Lighting has represented Portor outstandingly since the beginning of 2023 in the Palmetto State and announced the acquisition of the agency in Q1 by Fox Rowden McCrayer. Premier's staff, along with the welcomed new faces of FRM, will continue to represent the Portor Lighting line under the banner of FRM in South Carolina.

Congratulations on your new partnership!
