

SUMMER IS ALMOST HERE!

Summer is creeping in and the weather is heating up! As parts of the country are setting record heat waves, Portor is keeping cool with our advanced heat sink technology in our wide array of commercial fixtures. Enjoy the rest of spring and be sure to get your summer swim trunks ready for the pool!

CELEBRATING THE VICTORY OF FREEDOM

“Darkness cannot drive out darkness, only light can do that. Hate cannot drive out hate, only love can do that.”
 – Martin Luther King Jr. – 1963

It's that time of year again as the lord of the grille ties on his BBQ apron to ascend the throne as King of the Coals. Thanks to all of the dads out there getting it done for your families and showing us strength, love, discipline, and the proper way to season / cook a steak.

Special Happy Father's Day to our very own CEO, Barry Morgan who became a dad just a few months ago!

2nd Generation Disk Downlight

Portor's second generation disk downlight are an ideal solution when recessed fixtures are not an option. Available in multiple apertures, the DDL2 Series features color tunable technology that lets the user choose between 2700K, 3000K, 3500K, 4000K, or 5000K.

Ideal for drop ceilings, closets, attics, hallways, bathrooms, kitchens, basements, entry ways, porches (covered ceiling only), garages, stairwells, corridors, nursing/retirement homes, condos, elevators, apartments, and any other small areas with limited space.
