

Happy Halloween!!!

Terrifying sights are haunting again this Halloween season as old, flickering lights are rotting the ambiance in homes and businesses around the country this fall.

But fear not Portor's horror-flick-resistant, LED technology is also back this spooky time of year and ready to bust those ghosts straight into the light!

HOSSLEY
LIGHTING AND POWER SOLUTIONS

Portor is proud to announce our latest inventory expansion into Dallas, Texas with Hossley Lighting and Power Solutions. Led by Al Near and Don Henderson, HLPS represents Portor across six southern states and boasts a strong team of lighting experts unrivaled in product knowledge and service.

In addition to their impressive market presence, HLPS is further improving excellence in service with the opening of their warehouse in Dallas to assist distributors in filling customer needs faster than ever before.
