

Exit Sign and Emergency Lighting

PT-EXL/PT-EML Series

After much anticipation, Portor is excited to introduce our Exit Sign and Emergency Light fixture series. The series consists of the 3 different models which adhere to all major state and local codes and include 90 minutes of emergency operation time. In times of stress, you need reliability when it matters most. Portor's Exit Sign and Emergency Light series is tier one in reliability, backed with a 5 year warranty and has undergone the most rigorous testing standards.

PT-EXL-C

Bi-Color Exit Sign and Emergency Light Combo

The PT-EXL-2 Series is a market standard mold consisting of thermoplastic ABS housing with UL 94V-0 flame rating. Field adjustable for single or dual face in red or green color inserts. Internal switch for selection of bi-color red/green LEDs.

PT-EXL-2

Bi-Color Exit Sign

The PT-EXL-2 Series is a dual color (green or red) exit light featuring 90 minutes of up time during outage, is universally mountable, field adjustable for single or dual face.

PT-EML-S

Square Double Head Emergency Light

The PT-EML-S Series is a dual head LED fixture with a minimum up time of 90 minutes during outages. The dual head LEDs are adjustable to optimize lighting direction in difficult applications. This fixture is universally mountable with a j-box style for ease of installation.

"Ideal use for commercial buildings, industrial facilities, entryways, stairways, and hallways."

IN STOCK

Complies with UL924, UL damp location, NFPA 101, NEC/OSHA, Title 20 and adheres to the majority of state and local codes for indoor exit and emergency lighting solutions.
